# ROSE Solid and Liquid Waste Collection and Transport Service

is a company under the umbrella of ROSE

Business Group that has been rendering a service in the area of waste management for the past 10+ years. Our company is dedicated to contribute its level best for environment protection and rehabilitation.

The integrated waste management service we provide mainly targets the reduction of landfill. We are now actively working to improve the waste management from collection at our customers' premises up to the recycling point. Currently, ROSE is under the process of constructing a recycling plant in Addis Ababa. The recycling plant is designed to sort recyclable waste by using automated waste separation unit so as to provide its adjacent plastic and paper factory with recyclable raw material. In addition, there would be an outlet that intend to classify and supply recyclable waste for reproduction by other factories (e.g., glass and metal factories)

ROSE future headquarter, recycling unit and plastic & paper factory

We are now introducing a new **Loyalty Program** that standouts ROSE as a loyal company to its Environment, Customer, and Employee.

Through our Loyalty Program, we distribute exquisite recycling/waste bins to our customers, collect the waste, sort recyclable ones and recycle.

ROSE has developed its Occupational Safety and Health (OSH) manual strictly focusing on “Safety First” principle to be applicable throughout the working environment. Accordingly workers who engaged in waste collection and transport and waste reuse/recycling activities specially provided standard personal protective equipment (PPE), The PPE includes safety vest, mouth masks, hand gloves,

safety shoes, rain coat and plastic boots. In addition, workers have workmen insurance and 50% medical coverage while on duty.

We are located on SNAP PLAZA mall, 3rd floor Africa Venue, next to Millennium Hall

ROSE is now a sole agent to distribute high quality recycling bins in Ethiopia and East Africa. We are delighted to supply various models of the Nexus ® recycling bin that best suits your needs. Please contact us to learn about the recycling bins we supply or if you have any other inquiries. We are always ready to serve you

*Solution to All  
Waste Problems!*

**ROSE N140**

**Model: Nexus<sup>®</sup> 140 Recycling Bin**

The Nexus 140 range of internal recycling bins has been designed for areas where a large capacity container is required for collecting recyclable waste, yet a modern, stylish appearance is also desired.

Nexus 140 models are available, with clear, easily-identifiable graphics and colour-coded apertures and provide a variety of siting options.

**Size (W x D x H )**

**595mm x 606mm x 1195mm**

**Capacity**

**140 litres**

**Easy to Empty, Easy to Clean**

The large, front-opening, removable door allows thorough cleaning and minimises the need to lift sacks during emptying, helping to reduce manual handling concerns. A neat sack retention system keeps the sack in place within the bin during use. A new, reusable woven polypropylene liner is now available which is ideal for collecting heavy waste including glass and paper. The units are available with optional rear wheels and a handle to allow easy movement of the bin when full.

**The Nexus 140 is also available for outdoor public areas, such as train stations, bus stations, etc.**

**ROSE NS60**

**Model: Nexus<sup>®</sup> Shuttle Food Waste Recycling Bin**

**Size (W x D x H )**  
452mm x 441mm x 862mm

**Capacity**  
60 litres

Nexus Shuttle is a dedicated food waste recycling bin ideal for use in commercial kitchens, canteens, cafes and any other areas where food is prepared and/or consumed. Available with a solid liner or a sack retention system, Nexus Shuttle offers flexibility for the different collection methods of waste. Nexus Shuttle is a robust unit that will withstand knocks when in service.

The smooth surfaces ensure that it is easy to clean and that there are no areas for germs to harbour. With a slimline design it takes up minimal space and the ergonomic height of the unit means it can be stored under worktops when not in use.

The foot pedal operated lid enables a hands free operation to comply with Environmental Health Standards and provides ease and speed of disposing food waste.

**ROSE CW140**

**Model: Combo<sup>™</sup> Catering Waste Recycling Bin**

Combo is a large capacity catering waste bin ideal for busy food service areas.

**Size (W x D x H )**  
595mm x 606mm x 870mm  
**Depth (w/t Tray Shelf): 870mm**

**Combo with Tray Shelf:**  
allows customers to put their tray down in front of the aperture and use both hands to segregate waste into the correct bin.

**Capacity**  
140 litres

**Combo with Liquid Reservoir:**  
collects liquid separately, preventing other waste streams from contamination. The unit features a funnel aperture and two 8 litre reservoirs.

**ROSE Mir 60/80**

**Model: Mirage<sup>™</sup> Recycling Bins**

**Size (W x D x H )**  
527mm x 343mm x 677mm  
527mm x 343mm x 677mm

**Capacity**  
60 litres  
80 litres

Mirage recycling bins have a modern, metallic silver finish and sleek, space-saving design. Mirage is available as a 60 litre or 80 litre capacity unit, with a choice of aperture options for the collection of cans or bottles, paper or a general waste handle.

**ROSE EN60/85**

**Model: Eco Nexus® Recycling Bin**

The economical Eco Nexus recycling bins take up minimal space, which allows flexibility of siting (as shown in the photographs). Vibrant coloured lids with a choice of aperture options are available to encourage correct recycling usage.

**Size (W x D x H )**

**527mm x 343mm x 677mm**

**527mm x 343mm x 677mm**

**Capacity**

**60 litres**

**85 litres**

**ROSE N50**

**Model: Nexus® 50 Recycling Bin**

Nexus 50 has a front-opening, removable door. This allows easy access to the contents and reduces manual handling problems during emptying as minimal lifting is required. The unit

**Size (W x D x H )**

**295mm x 510mm x 680mm**

**Capacity**

**50 litres**

is fitted with a neat sack retention system, which accepts various sizes of sack from 14" to 18" diameter (356mm to 458mm diameter), to cater for different requirements. Manufactured from self-coloured Duratec material. The smooth

interior and exterior contours allow easy cleaning and make it attractive.

**ROSE N100**

**Model: Nexus® 100 Duo Recycling Bin**

**Size (W x D x H )**

**295mm x 510mm x 680mm**

**Capacity**

**50 litres**

All other options are available with a pastel grey aperture and split colour lid sticker.

Cans/Plastic Bottles or Mixed Recyclables/General Waste are available with a split coloured aperture.

**ROSE N30**

**Model: C-Thru Nexus<sup>®</sup> 30 Battery Bin**

**Size (W x D x H)**  
335mm x 308mm x 626mm

**Capacity**  
30 litres

C-Thru Nexus 30 Battery Bin is a small capacity unit with a clear body, which makes it ideal for collecting batteries. The unit is supplied with a Battery Weight Warning Graphic adhered to both sides of the bin body to indicate when the bin weighs approximately 25kg, so the operator can empty the unit safely. A handle is also supplied to the back of the bin to help decant the batteries when the bin needs emptying.

**ROSE CT180**

**Model: C-Thru<sup>™</sup> Recycling Bin**

A large 180ltr capacity container with a clear body to enable viewing of contents to ensure that there is no contamination of waste. C-Thru Recycling Bin is available with four different hood options all with a keyed locking mechanism. The clear body can be fl at-packed for ease of storage when the bin is not in use.

**Size (Diameter x H)**

**590mm x 970mm**

**Capacity**

**180 litres**

**ROSE EN-CB60**

**Model: Eco Nexus<sup>®</sup> Cup Bank**

**Size (W x D x H)**

**527mm x 343mm x 677mm**

**Capacity**

**60 litres**

The Eco Nexus Cup Bank lid incorporates a reservoir to collect waste liquid prior to cup disposal, and an aperture to deposit disposable cups.

**ROSE N130**

**Model: Nexus<sup>®</sup> 130 Trio Recycling Bin**

**Size (Diameter x H)**  
588mm x 940mm

**Capacity**  
130 litres

Two models are available, an Open Top model ideal for indoor use, and a Hooded Top model that provides weather resistance for outdoor use.

Nexus 130 Trio's unique sack retention system supports three sacks within the bin and allows flexible waste stream capacities to maximise bin volume. The lid is secured to the bin by an innovative, keyed lock system that is quick and easy to operate.

Nexus 130 Trio collects three segregated recycling streams within a single, space-saving unit. The unique sack retention system allows flexible waste stream capacities to maximise bin volume.

**ROSE SNOV100**

**Model: Splash<sup>™</sup> Novelty Bin**

**Size (W x D x H)**  
745mm x 915mm x 1180mm

**Capacity**  
100 litres

Splash litter bin will help to encourage young children to deposit litter correctly.

**ROSE N2.5**

**Model: Nexus<sup>®</sup> 2.5 Desktop Recycling Bin**

**Size (W x D x H)**  
140mm x 161.5mm x 217.5mm

**Capacity**  
2.5 litres

Nexus 2.5 is a compact desktop recycling bin that allows for waste collection of small recyclable items, prior to segregation into the main office recycling point. Supplied in a box of 6 recycling bins.

**ROSE Com128**

**Model: Community™ Litter Bin**

Community bin holds a massive 128 litres of litter, reducing the need for frequent emptying. **Size (Diameter x H )**  
**500mm x 1072mm**

Community litter bin is available in a wide range of colours. **Capacity**  
**128 litres**

**ROSE Swood 75**

**Model: Sherwood™ Litter Bin with Hooded Top**

Sherwood litter bin is manufactured from Everwood material, a unique, realistic timber grain polymer. The Sherwood litter bin is strong and robust, requires minimal maintenance, and is vandal and weather resistant. A sloped hood prevents rain water gathering in the bin. Available in Light Oak and Dark Oak colours. **Size (Diameter x H )**  
**550mm x 960mm**

**Capacity**  
**75 litres**

**ROSE N140/240**

**Model: Nexus® City 240 Food Waste Housing**

Nexus City 240 is a robust, attractive recycling bin. The unit features a soft-close aperture flap that keeps

vermin out and odours in. Nexus City 240 is ideal for use particularly where large volumes of food waste are generated. Nexus City 140 offers all the great features of the Nexus City 240 in a smaller footprint. The 140-litre unit is designed to suit areas restricted by space and offers a solution to those concerned with manual handling issues.

**Size (W x D x H )**  
**807mm x 900mm x 1399mm**

**Capacity**  
**140 or 240 litres**

Nexus City 240 houses a 240 or 140 litre wheeled container, is configured with curved sloping hood prevents waste being left on top of the bin. Its robust aperture flap with large handle and durable stainless steel hinge. The soft-close mechanism ensures aperture flap always closes quietly, and the aperture flap is designed to create a seal, keeping vermin out and odours in.

**ROSE JUB70/110**

**Model: Glasdon Jubilee™ Outdoor Recycling Bins**

Glasdon Jubilee Recycling Bin range combines a host of unique design features. Glasdon Jubilee is supplied with four purpose-designed aperture panels and large, clear signage to help with the efficient collection and segregation of recyclable waste.

**Size (W x D x H )**  
**598mm x 553mm x 1158mm**

**Capacity**  
**110 litres**  
**Also available with 70 litres**

The other model is Streamline Jubilee that offers all the great features of the Glasdon Jubilee Bin in a slimmer footprint. This 70-litre unit is designed to suit narrow footpaths, bus stops or any outdoor location where floor space needs to be maximised.

**ROSE N240/360**

**Model: Nexus® 360 Outdoor Recycling Bin**

The aesthetically designed Nexus 360 recycling bin housing is ideal for waste collection in areas where a high volume of recyclable litter is created. This instantly recognisable recycling housing is extremely robust with a unique 5-point interlocking door.

**Size (W x D x H )**  
**835mm x 1071mm x 1512mm**

**Capacity**  
**360 litres**  
**Also available with 240 litres**

**ROSE JUB-Itr 110**

**Model: Glasdon Jubilee™ Litter Bins**

A traditionally designed, aesthetically pleasing litter bin. The Glasdon Jubilee litter bin offers exceptional features. A hidden lift and lock mechanism engages in a 3 point interlocking slam shut door. The unique ribbed design deters fly posting and graffiti. The domed hood makes the litter bin strong and robust and helps to prevent littering. Recycling bin variants can also be supplied.

**Size (W x D x H )**  
**598mm x 553mm x 1158mm**

**Capacity**  
**110 litres**

**ROSE TJUB125**

**Model: Topsy Jubilee™ Litter Bin**

Topsy Jubilee bin is a Victoriana-style litter container, manufactured in Durapol material with a stylish textured finish.

**Size (Diameter x H )**

**560mm x 1100mm**

**Capacity**

**125 litres**

**ROSE SG96**

**Model: Super Guppy™ Litter Bin**

Super Guppy litter bin is manufactured in strong, weather-resistant Durapol material. It has a smooth low-maintenance finish and a lockable lid.

**Size (Diameter x H )**

**449mm x 965mm**

**Capacity**

**96 litres**

**ROSE CMBD 140**

**Model: Combo Delta™ Litter Bins**

Combo Delta has a wide funnel aperture and target graphics to encourage use and help guide waste into the bin. The curved sloping hood provides weather protection and helps to funnel the waste into the sack. Combo Delta is ideal for fast food drive-through areas, retail parks and theme parks.

**Size (W x D x H )**

**470mm x 530mm x 1550mm**

**Capacity**

**140 litres**

**ROSE DSL200**

**Model: Double Space-Liner™ Orderly Barrow**

Space-Liner can be used for litter collection and/or for transporting equipment. It can also use its two 100-litre containers for segregation of two different waste streams, such as for the collection of General Waste and Mixed Recyclables.

**Size (W x D x H )**

**630mm x 1760mm x 950mm**

**Capacity**

**2x100 litres**

An optional divider is available to transform a 100-litre container into 2 x 50-litre compartments, to suit all types of waste collection.

**ROSE SSL100**

**Model: Single Space-Liner™ Orderly Barrow**

Space-Liner can be used for litter collection and segregation of waste or for transporting equipment.

**Size (W x D x H )**

**630mm x 1340mm x 950mm**

**Capacity**

**2x50 litres**

An optional divider is available to transform a 100-litre container into 2 x 50-litre compartments, to suit all types of waste collection.

An optional divider is available to transform a 100-litre container into 2 x 50-litre compartments, to suit all types of waste collection.

**ROSE N200**

**Model: Nexus® 200 Duo Outdoor Recycling Bin**

It is a contemporary styled, twin-liner recycling bin, ideal for use on streets and in town centres. The distinctive graphics displayed on the unit are visible from all angles allowing more productive waste collection. The elliptical shape and narrow footprint of Nexus 200 recycling bin means that pedestrian flow will not be disturbed.

**Size (W x D x H )**

**1169mm x 591mm x 1177mm**

**Capacity**

**2x100 litres**

**ROSE Mobi120**

**Model: Mobilo™ Orderly Barrow**

**Size (W x D x H )**  
647mm x 621mm x 1080mm

**Capacity**  
120 litres

**ROSE SKIP70**

**Model: Skipper™ Multi-Purpose Cleaning Trolley**

Skipper is ideal for use when sweeping and cleaning and for the transportation and storage of equipment, both indoors and outdoors.

**Size (W x D x H )**  
630mm x 1200mm x 950mm

Two models are available: a 70-litre rigid litter container with sack retention system, or sack retention system only.

**Capacity**  
70 litres

Mobilo cleaning and service trolley offers a wide variety of benefits required for the easy collection of waste. A strong sack retention system simply holds

**Size (W x D x H )**  
140mm x 161.5mm x 217.5mm

**Capacity**  
2.5 litres

the sack neatly within the unit and allows for quick removal of the contents. The dual ergonomic handle provides a comfortable grip and allows the user to easily manoeuvre the unit. Mobilo has moulded axle features with wheel recesses and external solid wheels providing stability on uneven surfaces.

**ROSE ASHSG3**

**Model: Ashmount SG<sup>®</sup> Cigarette Bin**

Ashmount SG<sup>®</sup> Cigarette Bin is a contemporary styled cigarette bin fitted as standard with SmokeGuard<sup>®</sup> smoke-dampening device.

**Size (W x D x H)**  
191mm x 115mm x 529mm

**Capacity**  
3 litres

**ROSE ASHSG10**

**Model: Ashmount SG<sup>®</sup> Cigarette Bin**

A contemporary designed floormounting cigarette bin, fitted as standard with SmokeGuard an ingenious smoke-dampening device

**Size (W x D x H)**  
270mm x 210mm x 1030mm

**Capacity**  
10 litres

**ROSE IN35**

**Model: Integro City<sup>™</sup> Cigarette and Litter Bin**

An easy to use litter/ash bin with a 35 litre litter capacity and 5 litre ash capacity. The ergonomic stubber height is ideally placed at the front of the unit for ease and speed of use. The litter aperture will encourage disposal of small waste items usually found in smoking areas, e.g. crisp packets, empty cigarette packets and cellophane wrapping. This will help reduce the likelihood of users blocking the ash grille holes with litter. The Integro City must be permanently sited and has fixing points sited in the base, alternatively the unit can be post or wall mounted.

**Size (W x D x H)**  
440mm x 350mm x 1150mm

**Capacity**  
35 litres

**ROSE IN110**

**Model: Integro™ Cigarette/Litter Bin**

Integro Cigarette/Litter Bin is a stylish, purpose-designed litter bin with integral ash containers.

**Size (W x D x H )**  
600mm x 402mm x 1100mm

This stylish bin can be used to serve both as cigarette and waste bin.

**Capacity**  
110 litres

**ROSE ASH 4**

**Model: Ashguard™ Cigarette Bin**

**Size (W x D x H )**  
207mm x 250mm x 1000mm

**Capacity**  
4 litres

Ashguard is fire-safe to combat the potentially hazardous problem of discarded cigarettes.

**ROSE LP**

**Model: Litta-Pikka Litter Collection Tool**

**Length**  
892mm

Litta-Pikka Litter Collection Tool has been purpose-designed for strength, durability and ease of use.

## Pharmacy Unit

Pharmacy Units are provided as a solution for secure method of housing unused medicines/drugs prior to their return to Pharmacy Departments. The Pharmacy Returns Unit was launched and proved to be a huge success. We are now providing a smaller 30 litre unit, for areas where space is limited and a 60 litre unit to satisfy a larger capacity.

### Organisations that may have a need for this unit include:

- Hospitals Doctor's surgeries & Health centres
- Pharmacies
- Multiple retailers
- Care homes & homes for the elderly
- Veterinary surgeries

### Benefits that you can provide by supplying this product:

- Safe storage of unused drugs – prevent unauthorised usage
- Significant cost reduction through re-issue of drugs
- Improvement of safety/security standards
- Improve recycling performance
- Reduce environmental impact or wastage

#### ROSE MED30

##### Model: Pharmacy Returns 60 litre Unit

##### Design Features

- Available as a free-standing or wall mounting unit.
- Large chute allows easy disposal of medicines/drugs.
- Safety baffle acts as a barrier to obstruct the contents if the unit is turned upside down.
- Secure key-lock.
- Smooth surfaces allow easy cleaning.
- Sack retention system.

##### Size (W x D x H )

335mm x 368mm x 630mm

##### Capacity

30 litres

#### ROSE MED60

##### Model: Pharmacy Returns 60 litre Unit

- A secure method of housing unused medicines/drugs prior to their return to Pharmacy Departments.
- Creates an effective, quick and easy collection service, as any member of staff can deposit medicines/drugs into the large chute, which secures the medicines/drugs, yet only a key-holder has access to the contents.

##### Size (W x D x H )

520mm x 520mm x 710mm

##### Capacity

60 litres

- Unused medicines/drugs can then be sorted and recycled.

## Outdoor Waste Container

The ROSE OUTDOOR series are best suited for massive waste collection. Also it is easy to move using the four/two wheels attached to it. Organizations that may have a need for these units include: Hotels, Hospitals, Shopping malls, Factories, etc.
